Background and purpose of the guide

The Erasmus for Young Entrepreneurs is a programme initiated by the European Union in 2009. Its overall objective is to ensure the transfer of knowledge and experience between European entrepreneurs in order to increase the number of successful start-ups and enhance cross border trade in Europe.

To participate in the programme, you should apply online via the website www.erasmus-entrepreneurs.eu and complete the registration form.

This guide has been especially developed to provide you with direction on the type and level of detail of information that should be submitted to ensure a high level of quality of applications and consequently more chances to be accepted in the programme.

Please note that once accepted, your profile will **not** be public but will be stored in an online database to allow other accepted new entrepreneurs and Intermediary Organisations officially appointed by the European Commission and responsible for placements to access your data and start matchmakings.

If you do not want to be contacted by the new entrepreneurs and Intermediary Organisations acting on behalf of the new entrepreneurs registered with them, there is an option at the end of the registration form which allows you to choose the degree of visibility of your profile in the online catalogue.

STEP 1 – Preparing your registration

It is important to make sure that you fulfil the eligibility criteria and the minimum quality standards set by the programme. Make also sure that you prepared the necessary compulsory information (i.e. brief CV, motivations and etc.) to validate your application.

Eligibility criteria

Host entrepreneur definition

Host entrepreneurs are successful and experienced entrepreneurs (ideally owners of a micro or small enterprise) or persons directly involved in entrepreneurship at SME board level, applying the EU definition of micro, small or medium-sized enterprise. Host entrepreneurs want to share their entrepreneurial experience and to benefit from the concrete contribution which a New Entrepreneur (NE) from another country will make to their business. Host entrepreneurs must be committed to work personally with the NE towards developing his/her entrepreneurial skills and know-how.

There is no minimum or maximum age to observe to participate in the programme.

SME definition

The European Commission Communication defines SMEs as follow: *“An enterprise is any entity engaged in an economic activity, irrespective of its legal form”. “Enterprises qualify as micro, small and medium-sized enterprises (SMEs) if they fulfil the criteria laid down in the Recommendation which are summarized in the table below. In addition to the staff headcount ceiling, an enterprise qualifies as an SME if it meets either the turnover ceiling or the balance sheet ceiling, but not necessarily both.*

Enterprise category	Head count	Turnover	or	Balance sheet total
medium-sized	< 250	≤ € 50 million		≤ € 43 million
small	< 50	≤ € 10 million		≤ € 10 million
micro	< 10	≤ € 2 million		≤ € 2 million

Geographical criterion

Entrepreneurs must have their **‘permanent residence’** in an EU Member State or in any of the other participating countries to participate in the programme.

‘Permanent residence’ is defined as:

- The place where the company of the applicant is registered, if the applicant has a registered company;
- If a company has several establishments in different EU Member States or other participating countries¹, the entrepreneur should choose one of the countries as permanent residence;
- The place where the applicant has spent 183 days or more in the course of the last 12 months, if the applicant does not have a registered company.

¹ EU Member States, Liechtenstein, Norway, the Former Yugoslav Republic of Macedonia, Iceland, Montenegro and Turkey, Albania, Serbia and Israel

Minimum quality standards

The motivations and expectations should be clearly expressed

You should explain why you are interested in participating in the Erasmus for Young Entrepreneurs programme and what you can offer to a New Entrepreneur.

You should also describe in a concise manner the activities that you would expect from the NE and indicate if any specific skills, including language skills, are required from the NE to perform a particular task – giving the latter the opportunity to decide whether to explore a relationship further.

Brief curriculum vitae

A summary CV specifying your entrepreneurial experience and information about your current business is required. The CV should contain at least a description of the product/service offered, years in the active business as well as a description of the previous experience as entrepreneur.

The Europass CV format is preferable, but not compulsory². The CV can be **submitted in any language**. However, you should take into consideration the language of the selected Intermediary Organization. In any case, **English is favoured** as it is understood by almost all users of the online database (New Entrepreneurs, Host Entrepreneurs and Intermediary Organisations) and consequently facilitates the matchmaking.

Ability to work in a foreign language

The communication between the New and the Host entrepreneur is crucial for a successful exchange.

Given that no language training is provided by the programme and that language skills are one of the main criterion for a suitable matching, it is important to ensure that you have a good command of the English language or master a second language, in addition to your mother tongue (i.e. no difficulty in understanding, speaking and writing in the language(s)).

STEP 2 – Register!

The online registration form is available on the programme website www.erasmus-entrepreneurs.eu under the section ‘Apply now’.

The screenshot shows the Erasmus for Young Entrepreneurs website. The top navigation bar includes a search field, 'Contact', 'Sitemap', and 'Language: English'. The main header features the program logo and a banner image of business professionals. A green banner below the header contains the text: "Are you thinking of starting your own business, or have you recently done so? Or perhaps you are already running a successful business and would like to expand it to new markets, or get fresh ideas? Erasmus for Young Entrepreneurs could be for you! Our European business network and financial support can help you exchange knowledge and expand your business." A "more info" link is provided.

The left sidebar contains a menu with items: Home, About the programme, Who can participate, How to participate, Your local contact point, Frequently Asked Questions, Press room, Success stories, Doing business in the EU, Latest news, and a highlighted "Apply now" button (circled in red with a red arrow pointing to it). Below the menu are social media icons for Facebook, LinkedIn, and Twitter, and a "Join us" section.

The main content area is divided into two columns. The left column is titled "The European exchange programme for entrepreneurs" and describes the program as a cross-border exchange. The right column is titled "Who can participate?" and lists criteria: "New entrepreneurs, firmly planning to set up their own business or have already started one within the last three years;" and "Experienced entrepreneurs who own or manage a Small or Medium-Sized Enterprise in the EU." A "read more about participating in the programme" link and an "Apply now" button are present.

Below this is a "Highlight success story" section featuring Luca Poli (IT) and Francine Huaman (ES), with a "More success stories" link. A "Latest news" section follows with a link to "Corrected Address for the Erasmus Entrepreneurial Awards".

The bottom part of the screenshot shows the "Apply now" page. The breadcrumb trail is "Home > Apply now". The "Apply now" button is prominently displayed. Below it, text states: "Erasmus for Young Entrepreneurs has been designed to work with the following web browsers: Internet Explorer 8, Firefox 16, Google Chrome 14, and Safari 5." A link "click here" is provided. A red arrow points to a "Register" button. At the bottom, there are social sharing buttons for Facebook (45 likes), Twitter (7 tweets), and a Share button (2 shares).

Enter your e-mail address and click on the Register button.

Please note that Erasmus for Young Entrepreneurs works with the following web browsers: Internet Explorer 8, Firefox 16, Google Chrome 14, and Safari 5.

Once you register, you will not be able to change your e-mail address (nor your first and last name) any longer. Therefore, please make sure that you will not lose access to this account in the future.

Welcome page of the application form for host entrepreneurs

The first page of the application form explains the registration process.

Choose your status 'Host entrepreneur' and click on 'Next'. It is recommended to save as draft your application at least once during the registration process

The screenshot shows the 'Welcome' step of a registration process. At the top, a navigation bar lists steps: Welcome, Your profile, Motivation, Languages, Business sector, Geographical preferences, Duration and period of the exchange, and Selection of IO and submission. The main content area contains several paragraphs of text explaining the process, including information about the Intermediary Organisation (IO) and the documents required. A question is posed: 'Do you want to register as a NEW or a HOST entrepreneur?'. Two radio buttons are provided: 'New entrepreneur' and 'Host entrepreneur'. A grey callout box explains that someone planning to set up a business or who has started one within the last three years is considered a new entrepreneur. Below the question are 'Next' and 'Save draft' buttons. A small note at the bottom left states '* = mandatory fields'.

Note that the selection of months done at this step will have an influence on the range of Intermediary Organisations among which you will have to choose one at the last step. Should you like to register with a specific Intermediary Organisation, please make sure that the months selected do not exceed the contract end date of that organisation. Please contact the IO you would like to register with and request this date upfront to know which months you can select.

Selection of an Intermediary Organisation, visibility options, and submission

More than 150 Intermediate Organisations have been officially appointed by the European Commission to establish contacts between new and host entrepreneurs. The selected Intermediary Organisation should be active in your country of “**permanent residence**” defined by the programme as:

- The place where the company of the applicant is registered, if the applicant has a registered company;
- If a company has several establishments in different EU Member States or other participating countries, the entrepreneur should choose one of the countries as permanent residence;
- The place where the applicant has spent **183 days** or more in the course of the last **12 months**, if the applicant does not have a registered company.

If you live in a country without an active Intermediary Organisation, you may choose another one close to your country.

The chosen Intermediary Organisation is responsible for recruiting; establishing contacts between you and your preferred new entrepreneur and for helping you prepare your exchange. It will act as guide and contact throughout the entire process.

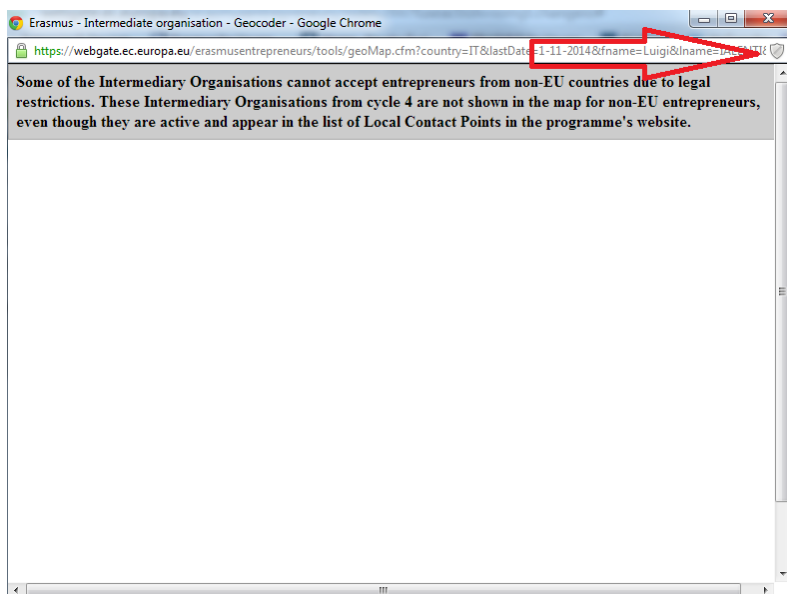

The list of Intermediary Organisations is available on the programme website www.erasmus-entrepreneurs.eu under the section “Your local contact point”.

Tips and tricks for the selection of the Intermediary Organisation

Please verify first that your browser is a compatible one, and the pop-ups are enabled. Erasmus for Young Entrepreneurs works with the following web browsers: Internet Explorer 8, Firefox 16, Google Chrome 14, and Safari 5.

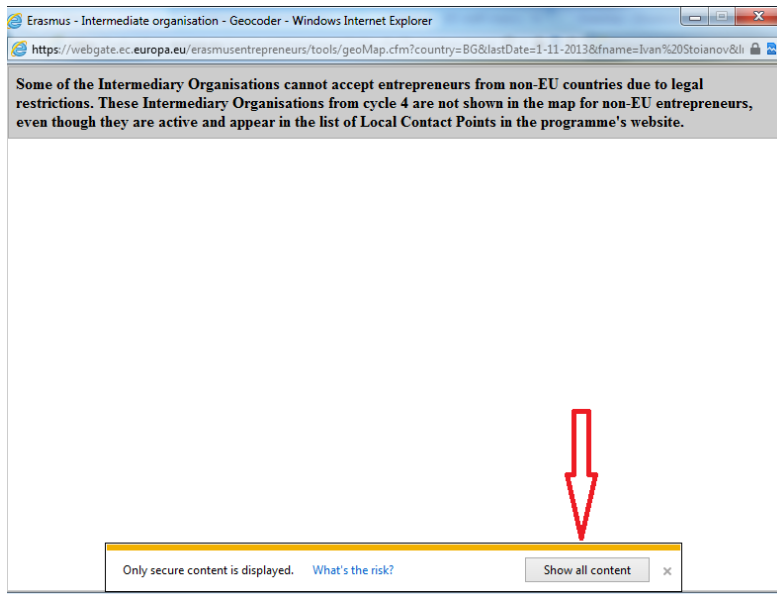

Look carefully at all dialog boxes and questions you may receive and click “Yes” to accept the display of all contents.

E.g. Google Chrome

Click on the small shield icon and select the option which permits the download of the unsafe script. A Geomap will open subsequently and you will be able to select an Intermediary Organisation.

E.g. Internet Explorer

Click on the “Show all content”. A Geomap will open subsequently and you will be able to select an Intermediary Organisation.

If despite this, you cannot complete the step “Select your IO”, it may be due to one of the following situations:

Situation 1

You receive the message “No Intermediary Organisation found”

Please verify that your address and country are correctly selected on the second tab.

Situation 2

If you click on the field “Select an IO”, the geomap is displaying correctly but you can see only part of the IOs and not the one you want to select.

The reason for this is that the exchange months you selected at a previous step exceed the period during which the respective IO will be visible to the public. You have to contact your IO and ask for the “activity end date” of their organisation and then fill in the availability period again with months until the one specified by your IO.

Choose your Intermediary Organisation

The  icon will be replaced by a  if multiple IOs are located very close to each other. In this case, click  to locate those IOs with a greater zoom factor on the map.

The  indicates the entrepreneur's home address as specified on page 2 of the application form.

Select a visibility option for the on-line catalogue

You can decide to be contacted only through your IO, if you choose visibility options 2 or 3. Furthermore, you can choose not to show your profile to other NEs until you reach the draft relationship status (in which case it will only be shown to the parties involved in the relationship).

Submit or Save a Draft of your application

After completing the last page of the registration form:

Either:

⇒ **Submit** your form directly: click 'Confirm my registration' button at the bottom of the page.

Or:

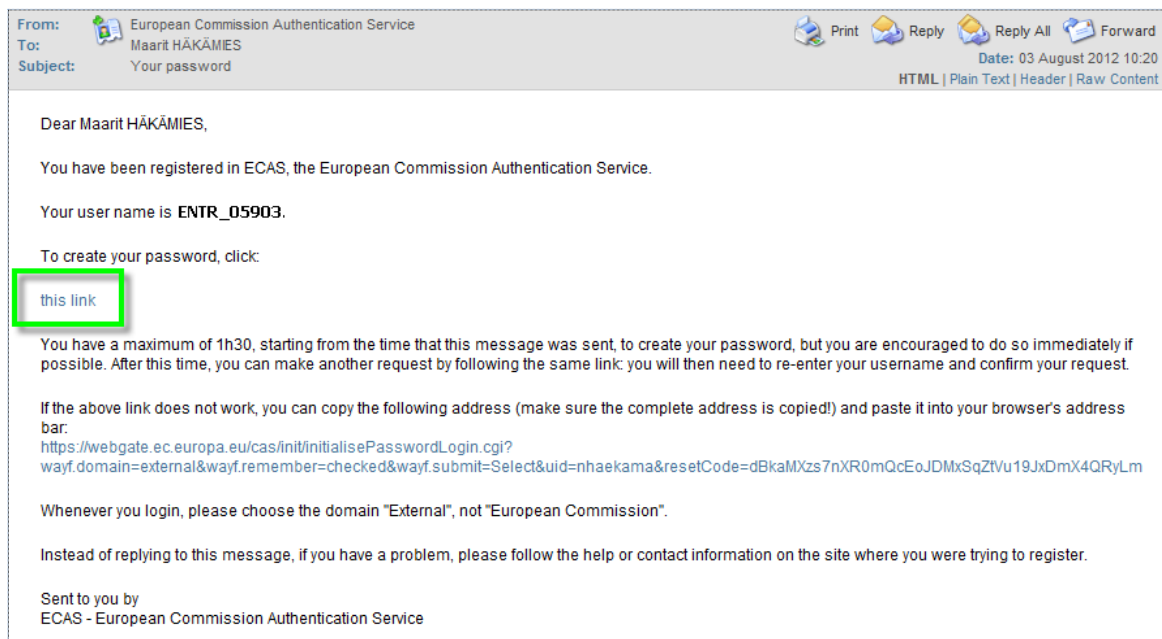

⇒ **Save the form as draft** without submitting it yet (i.e. if you want to review your information first): click the 'Save as draft' hyperlink at the bottom of the page.

STEP 3 – Confirm your registration

Once you have **submitted/saved as draft your application**, you will receive an automatic email from European Commission Authentication Service (ECAS) through which you are invited to set-up a password (this is **ONLY** for users who did not have a previous ECAS account):

To initialize your ECAS account:

1. Open the Inbox associated to the email address with which you registered to Erasmus for Young Entrepreneurs in the past, and open the email message that was sent to you by European Commission Authentication Service.
2. Click the 'this link' hyperlink in the email:

1h30 restriction

Please note that although the instructions email mentions a standard 1h30 period for initializing your account after receiving the message, you can still click the link passed this delay. Only, you will be asked to 'make another request' for the same email address. A new instructions email will then be sent to you, with a new link to press in order to set your password.

On the New password page, enter a password of your choice (please observe the format requirements at the bottom of the page), repeat the password in the next box and click Submit.

You are prompted to set a password:

After you submit your application and you log in, you automatically receive the status '**Applied**'. At this stage, you do not have access to the online catalogue of profiles (co-called IT Tool) to search for a business partner. This status only means that your application has been received and is currently being treated by your Intermediary Organisation.

An IT Tool user's manual is available in the "**Help**" section of the online database to help using the tool.

Within a maximum of 2 weeks of receipt of application, your IO has to perform an initial check and take action accordingly. You will be automatically informed by email about any change of your application status.

Possible statuses:

- **Accepted** → your application fulfils all programme requirements and you should be granted to the online catalogue;

- **Back to Applicant** → your selected IO is not in a position to accept entrepreneurs or the IO is terminating its contract;
- **Refused** → your application is inappropriate or irrelevant.

If your Intermediary Organization considers that some key elements are still missing in your application, you will be automatically notified by email that your application has been put "On hold". Your Intermediary Organization will contact you separately either by phone or by email requesting the lacking information in your application (business plan etc...). You should provide this information within a delay of **6 weeks maximum**. If this information is not provided on time, your application will be rejected. You may apply again later once you will be able to provide all information required by the programme.

Your application will be deleted if it contains irrelevant data, errors and/or has been submitted by mistake.

If the responsible Intermediary Organization considers that your application is of quality and that it fulfils all the programme criteria necessary, you will be notified by email that you are successfully accepted in the programme.
